

Musician Resume

Bob Teske

Summary:

Bob's musical journey began at a very early age with a passion for guitar. Inspired by a variety of musical genres and the huge pool of talent in the Midwest Region, his primary influences became centered on gospel, R&B, and dance music. After being spotted by a booking agent who was attending his High School open house, he travelled through the states with a touring show band playing the bass. Upon returning to the Midwest, he played in nearly every type of venue and built a reputation for bringing the dance groove to every musical format.

Career:

- Serves on the worship team at Living Stones Fellowship in Crown Point Indiana
- Teaches Bass on all levels...focusing on Dexterity, Groove, and Attitude
- An "A" list studio musician for ARS, Planet49, and FreeFlight Studios
- Played in local ensembles delivering all styles of music for over 30 years
- Live recording experience
- Touring experience

Projects:

- Heartsfield
 - All over the place – Sleeping Giant
 - Disrupting the country
- Perry Jordan
 - Georgia Flyer
- Richard Frankz
 - The Traveler
 - Home for Christmas
 - Tracking for future releases
- Live Worship CD's and TV Recordings

Bob has moved from Hartke to an Eden Platform of amps and cabinets. He is currently playing an Eden WT-550 head which is driving a 4 ohm 2x10 xlt cabinet at 550 watts for fully reinforced gigs. When playing clubs, Bob likes to switch over to an 8 ohm Eden 410T cabinet that is rear ported for the deep bass that really gets folks out of their chairs.

Bob is still playing his dependable Alvarez 5 string equipped with passive Bartolini PJ pickups and his MusicMan 4 string sunburst fretless rigged with Seymour Duncan active electronics. This year he began to move into a new level of playing when he picked up a Stagg Electric Upright Bass. He is still in the learner's chair but is grabbing every opportunity to gig with it.

When asked who his favorite artist is, this musician replies...

"Anyone who approaches their craft as a journey and is passionate about growing in their gift".

Favorite style of music...

"Music is the vehicle that brings us all to a place of celebration which can happen at any time, at any place, and within any musical format".

To contact Bob about studio work, private or group lessons, or performance schedules... email him at bobcleff@comcast.net.
